Where the heart is

HISTORY & TODAY

One of the earliest European settlements in the New World, San Miguel was founded in 1542 on the westward-facing slopes of an extinct volcano above an easily-irrigated floodplain. Its first three centuries were defined by its strategic location on Spain's Camino Real – known as the “Silver Road” – midway between Mexico City and the rich mines of Guanajuato & Zacatecas. By 1810, San Miguel was a thriving urban center and a primary theater for the War of Independence from Spain that gave birth to the Republic of Mexico, but by the end of the 19th Century, the silver had been mined out, and it had become a virtual ghost town.

In the mid 20th Century, San Miguel began its modern renaissance as a popular destination for artists and creatives – drawn from near and far to the temperate weather, spectacular sunsets, picturesque colonial architecture, and the welcoming and vibrantly creative culture of central Mexico. This trend only accelerated in the 21st century as a growing in-migration of expatriates seeking a lifestyle of creativity and community has synergized with a strong local Mexican ‘Sanmiguelense’ society and a “destination economy” for visitors drawn to the beauty, culture and the dynamic scenes of gastronomy, art, music, and design that are activated by its diverse and creative local population. Simultaneously intimate and cosmopolitan, tranquil and energetic, San Miguel now welcomes and enchants hundreds of thousands of people each year.

To be sure, this rapid growth has also brought challenges to San Miguel – including traffic, gentrification, and the environmental and social pressures of urbanization. But because the city's core community is strong, and growth has remained centered on culture, creativity and community – which people share across all demographic and socioeconomic boundaries – the essence of San Miguel has endured, and in many ways, strengthened.

We invite you to explore, connect, enjoy, and ultimately to participate in our Pueblo Mágico San Miguel – **“a gift from México to the World”**.

ACTIVITIES FOR VISITORS

San Miguel is bursting with activities – from its renowned festivals of Mexican culture to the vibrant scenes of art, music, and gastronomy. Enjoy boutique shops in Centro or escape to the countryside with vineyard tours, hot springs or horseback riding. Conquer the terrain with an ATV excursion or see the city from a hot air balloon!

⊗ **THE JARDÍN PRINCIPAL**

The laurel-tree adorned central square of town, the Jardin Principal is the “heart” of San Miguel de Allende that bustles with activity at all hours. On the south side of the square is the iconic Parroquia de San Miguel Arcángel, with its Gothic style towers and its pink façade. Balloon and hat vendors mingle with wedding parties and mariachis as tourists and locals stroll or sit on the ornate iron benches. The cobblestone streets surrounding the Jardin are filled with shops, restaurants, cafes, galleries, and historic buildings – including the home of Ignacio Allende, who was one of the principal leaders of Mexico’s War of Independence in the early 19th Century.

⊗ **CENTRO WALK: JARDÍN - RECREO - PARQUE JUÁREZ - ALDAMA**

Or turn down toward Parque Juarez, with its verdant plazas, fountains, children’s playgrounds, and mini art market. At the bottom, turn right and head back to the Jardin along the famous Calle Aldama, listed by Architectural Digest as one of the most beautiful streets in the world.

Prices are reasonable and all vendors distribute grilled sweetcorn to passers by. The energy is pure San Miguel de Allende.

TOSMA is the best way to spend a Saturday.

- ⊗ **MERCADO SAN JUAN DE DIOS**
San Juan de Dios is one of San Miguel de Allende's principal traditional markets, just a seven-minute walk down and west from the Jardin. There are two sections to this market; indoors and outdoors. The indoor section is predominantly food-oriented. Large baskets and balloons decorate the stalls. The market is dotted with food joints serving hearty meals such as pozole, a spicy broth with pork and corn. Outdoors, the stalls sprawl along the main road and retreat back from the road for a few blocks. They range from raw meats to extravagant flower arrangements and clothes.

Tips from a Local

Watch Your Step!

The #1 danger here is tripping or slipping and falling! So pay attention to your feet as you walk and always wear comfortable shoes with flat, rubber soles. Walking sticks are helpful.

Explore... with a Smile and Open Heart

San Miguel is like a magic box with countless doors to beautiful & unexpected worlds – from the deeply Mexican to the wildly Cosmopolitan, from bohemian-artistic to traditional, from working class to world class luxury. Follow your interests to discover the doors, and you will inevitably find that a smile and a courteous greeting is all it takes to open them.

Buy Local

San Miguel generally encourages local businesses and limits commercial franchises. Please join in supporting local markets, shops, artisans, producers and designers.

Try to use your Spanish

While it is possible to use English, Mexicans will appreciate and respect your efforts to use Spanish – and you will find that doors and friendships open for just making the effort. There are many schools and resources for learning Spanish here – use them!

Use WhatsApp

In Mexico most people use WhatsApp for communication. We recommend visitors embrace the platform.

Know the Cultural Calendar

In addition to the widely known celebrations, San Miguel's Cultural Calendar is filled with incredible traditions that you might not, that feature some of the most beautiful and dramatic spectacles of the year.

Use Your Street Smarts

San Miguel is very safe, but it is a city. Crimes do occur, primarily those of opportunity – like pickpockets and conmen. So be alert to your belongings, walk with awareness in the streets, at all hours, and don't put yourself at risk of being taken advantage of.

Nature & Adventure

San Miguel abounds with natural beauty to explore: from hot air ballooning and mountainbikes to horseback riding through canyons to pre-Columbian ruins, from hot springs to hiking extinct volcanoes, botanical gardens and mining ghost towns.

2025 CALENDAR HIGHLIGHTS

From film and music festivals, to art walks and exhibitions, to parades and fireworks, there is always a spectrum of events – planned or spontaneous – in this mountainside metropolis. The new year beckons!

NEIGHBORHOOD “COLONIAS”

San Miguel de Allende’s many diverse and growing neighborhoods – called “Colonias” – occupy the undulating hills around El Centro and radiate along three primary roads to neighboring municipalities: west to Queretaro, east to Dolores Hidalgo & Guanajuato and south to Celaya – all roughly 45 minutes drive. Logically, Colonias closer to Centro are more dense and urban, and those farther out are more spacious and suburban. Recent years have also witnessed the growth of many gated residential developments – some of which feature lifestyle-driven amenities such as Golf Courses, Vineyards, Sports and Equestrian facilities. Finally, the surrounding countryside offers many beautiful natural and Ranch-style living opportunities.

➤ **El Centro**

Centro is the beating heart of San Miguel de Allende, an area recognized by UNESCO as a World Heritage site for its history, beauty and thriving scenes of culture, art, music and gastronomy – all woven into a diverse social tapestry simultaneously deeply Mexican and wildly Cosmopolitan. Here, cobblestone streets wind through vibrantly colored facades, plazas, churches, hidden shops and cafes. And of course, standing proudly at its center is the iconic Parroquia Church of San Miguel Archangel towering over the “Jardin Principal”, the ever-lively public plaza which is truly the City Center.

To be in Centro is to have a front-row to the magic show that is San Miguel.

➤ **Atascadero & Balcones**

Just east and above El Centro lie two of San Miguel’s most prestigious residential neighborhoods: the historic Atascadero – nestled like a secret garden in a valley – and the newer, more expansive Balcones. Both are just a 15 minute walk downhill into Centro – with a steep return – but reward their residents with sweeping views over the region from many of the City’s most spectacular homes. The crown jewel of these neighborhoods is the adjacent Charco del Ingenio Botanical Garden, a sanctuary of winding paths where panoramic vistas sweep over the city to distant mountains.

➤ **Azteca, Obraje, Tecolote & El Charco**

These three small neighborhoods on San Miguel’s northeast side are among its oldest and most charming – a winding network of picturesque cobblestone stone streets, many so narrow that they are pedestrian only. Here, just steps from the Mercado Ignacio Ramirez, a diverse and close-knit urban-residential community has grown, becoming one of the most desirable locations to live. Recent luxury additions like the landmark luxury Live Aqua Urban Resort and Prime Steakhouse have exploded the area’s cache and desirability.

- **Guadalupe, Aurora & Mexiquito**

Known to many as San Miguel's "Art District", these three neighborhoods on the north side of Centro form a thriving and highly desirable residential and urban area just a short flat walk from the Jardín Principal. Beloved for its street murals and its harmonious mix of Mexican and international residents, the area also offers many restaurants, shops, and art galleries, including the renowned Fábrica La Aurora Art & Design Center. Just past these neighborhoods is the emergent Colonia of Mexiquitos, an increasingly desirable residential area with parks and commercial centers.

- **Guadiana, Ojo De Agua & Allende**

Considered among San Miguel's most desirable neighborhoods, Guadiana and Ojo de Agua are quiet, primarily residential areas featuring wide, tree-lined streets and many large homes. Close to the beloved Parque Jurez and a short flat walking distance to the Jardín is a commercial strip along Ancha San Antonio and Cinco de Mayo. Just south is Allende, an emerging area that includes Valle de Maiz, a close-knit community renowned for its many festivals..

- **Montes de Loreto & San Luis Rey**

Further to the north are two diverse and growing residential neighborhoods interspersed with new gated communities that are poised to be transformed by the new Zeferino municipal park and the Pueblo Bonito hotel residential and commercial complex. Featuring new cobblestone roads, beautiful views of Centro and mountains, and excellent access to the newly expanded highway to Dolores Hidalgo, the future here seems bright.

- **Salida a Celaya: La Lejona & Los Frailes**

Just a few minutes drive to the south on the road towards Celaya are these established residential neighborhoods featuring larger homes, wide, tree-lined streets and abundant public parks. The area is conveniently close to many commercial establishments (Luna de Queso & City Market) and outdoor activities, including the Malanquín Golf Club, the Unidad Deportiva public sports complex, and the Presa de Allende nature preserve. The area is home to many gated residential communities of varying exclusivity and amenities..

- **Salida a Dolores: The Golden Corridor to Atotonilco & Cieneguita**

This large region to the West of San Miguel towards Dolores Hidalgo – sometimes called the Golden Corridor, or the Ruta de Vino – features many of the area's largest and most luxurious residential and ranch estates. Here, gated developments like Los Senderos, La Presita, Candelaria and the Santísima Trinidad winery fall along newly constructed highways that link San Miguel to the charming towns of Atotonilco and Cieneguita, renowned for their historic churches, farm-to-table restaurants and thermal springs..

- ① **Salida a Queretaro: Alcocer & Luciernaga**
This large and developing region of beautiful countryside extends eastward from San Miguel to Alcocer on the slopes of the picturesque Picachos mountains. Featuring some of San Miguel's most important commercial centers – such as the Luciernaga Shopping Center – and Municipal Government Institutions, this region's proximity to Queretaro and subsequently to CDMX has spurred the development of many residential neighborhoods and gated developments.

- ② **San Rafael, Independencia, Santa Julia & La Providencia**
These emerging and diverse neighborhoods to the west of Centro beyond the large public market called San Juan de Dios are growing and changing quickly – including some of the most interesting new home architecture. Many residences in the area command picturesque views eastward back towards the skyline of the Historic Centro.

- ③ **San Antonio**
Venture west from Centro and you'll encounter San Antonio, one of San Miguel's oldest and largest colonias. Bounded by two thriving commercial streets, the Ancha San Antonio and Stirling Dickinson, this diverse and vibrant neighborhood offers easy access by foot to many restaurants, bakeries, shops and services – including the Mercado Sano / TOSMA organic market.

Purchasing Property In San Miguel

⤵ **Why invest in San Miguel de Allende?**

San Miguel's beauty, renowned culture and community – simultaneously deeply local and cosmopolitan, its quality of life, safety, and year-round mild climate cause it to be one of the best Real Estate investments in Mexico. Rental and resale values have consistently grown for decades, and maintenance and annual real estate taxes are extremely low (.1%).

⤵ **Why Use a Licensed Real Estate Agent to Purchase Property in San Miguel?**

Licensed Real Estate professionals like Golden Homes protect the rights of buyers and sellers throughout a transaction, ensuring that a deal is well-considered, the legal methods and financial instruments are valid and secure, and that the title of properties is legitimate, and without lien. Our deep knowledge of the region and inventory will ensure that you and your family find the perfect home according to your budget and lifestyle.

⤵ **How does a foreign citizen purchase real estate in San Miguel de Allende?**

Unlike other parts of Mexico, in the State of Guanajuato where San Miguel de Allende is located, a foreign citizen may purchase and own property in their name, with all the rights of a Mexican citizen, no matter their immigration status – Tourist or Business, Temporary or Permanent Resident.

Purchasing property with Golden Homes at Sotheby's San Miguel is straightforward:

⊗ **OFFER AGREEMENT**

A written and signed "Offer Agreement" which includes the basic terms of the transaction, including price, closing date, inclusions / exclusions, inspection and any contingency.

⊗ **INSPECTION**

Once an Offer Agreement is signed by both sides, the Buyer contracts a property "Inspection". Upon receiving the Report a Buyer may 1) rescind their offer without Penalty, 2) accept the conditions and proceed with the sale "as is", or 3) require further negotiation in the "Buy-Sell Agreement".

⊗ **ESCROW & SECURITY DEPOSIT**

If the Buyer wishes to proceed with the purchase, an "Escrow" account is opened to receive the purchase and closing cost funds – beginning with the 10% Security Deposit.

⊗ **BUY-SELL AGREEMENT**

Once the 10% Security Deposit is received to Escrow, the legally binding Buy-Sell Agreement is drafted by the Buyer's Agent and –once agreed by all parties – signed in person or via DocuSign. The property is now Under Contract.

⊗ **SRE PERMIT**

(Secretaria de Relaciones Exteriores) This proforma permit from the Ministry of Foreign Affairs is arranged by the Notary and required of all foreigners purchasing property in Mexico.

⊗ **CLOSING COSTS**

Prior to closing, the Buyer must provide the remaining balance of the sale price plus all Closing Costs – which are about 5.5% of the Sale Price. These Costs consist of filing fees, honoraria for the Notary and a Deed Transfer Tax.

⊗ **FINAL DEPOSIT**

No later than 5 days before the Closing Date, the Buyer must deposit the balance (90%) of Sale Price plus the Closing Costs into Escrow.

⊗ **CLOSING**

At the Closing, Escrow disburses funds to the Seller, Notary, and Agents involved in the sale as specified in the Buy-Sell Contract. The new Deed is then signed by all parties. A professional translator attends the closing if any party is not fluent in Spanish.

⊗ **DEED**

Upon signing, the Buyer legally owns their property and may move in immediately.

Ana Lilia Buendia

A resident of San Miguel for nearly 30 years, I am a bilingual attorney with a specialization in real estate transactions, including title insurance, mortgages, capital gains, wills and immigration issues. Raised in Mexico City, in 1996 I opened San Miguel's first mailing service franchise, Mail Boxes Etc. as well as its first cellular and VOIP communication services. My understanding of Mexican systems and long standing reputation in the community are assets I use for my clients, whether they are selling their home or are seeking the home of their dreams. I know the industry inside and out, and am always ready to put my expertise to work for you.

Melisa Valero

Born and raised in Mexico City; my passion for culture, arts and the heritage of my country led me to a Master's Degree in Cultural Anthropology at the Universidad del Claustro de Sor Juana (UCSJ), studying the Historic Centers of 'Pueblos Mágicos'. It was this research that brought me to San Miguel de Allende, where I soon fell in love with its community, beauty and culture. After serving as the Coordinator of the Bellas Artes, I joined Sotheby's International, where for eight years I have been a Top Agent, assisting clients to realize their investment and lifestyle aspirations through my extensive knowledge and experience, navigating them smoothly through the often complex legal and accounting aspects of buying and selling Real Estate in Mexico.

Brigham Golden

With over 20 years of experience in San Miguel — as a builder/remodeler of homes, a parent, a producer of cultural events and a Top Agent for Sotheby's International — I have a profound passion for this unique and diverse community. Raised in Boston and Los Angeles in the 70s and 80s, I spent over a decade as a professional anthropologist at Columbia University. In 2004, I first visited San Miguel and fell in love with its vibrant community and culture; and in 2009, I moved here permanently to raise a family and to pursue my creative passions for home building and culture. Bilingual and experienced, knowledgeable and authentic, I am a tireless advocate for my clients and love nothing more than to share my passion for San Miguel with them. Contact me anytime!
